Draft roadmap of A.H and Veterinary Department, Assam in the context of rejuvenation of govt. farms and training related institutions.

By:

Dr Miftahul Islam Barbaruah Director, Vet Helpline India Pvt Ltd. Team Leader, Veterinary Department Roadmap Development project.

India embracing a model of cooperative, competitive federalism.

8/3/2018

SUSTAINABLE GOALS

8 DECENT WORK AND ECONOMIC GROWTH

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

10 REDUCED INEQUALITIES

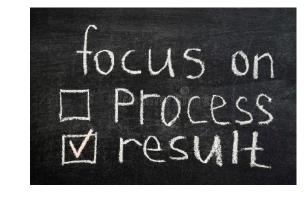

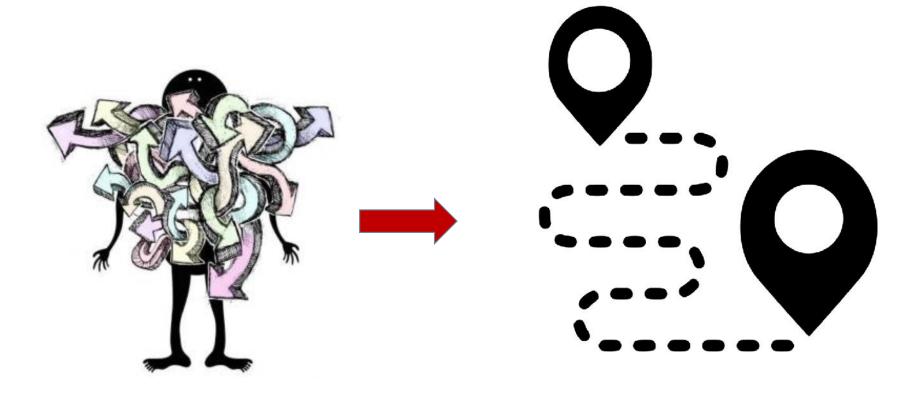

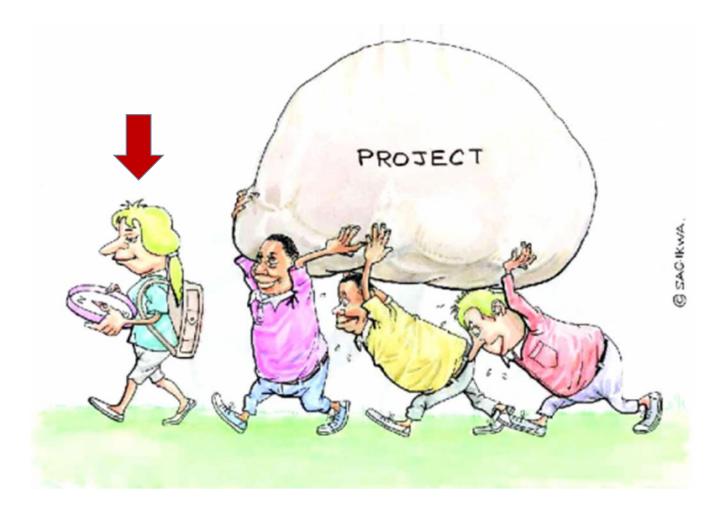

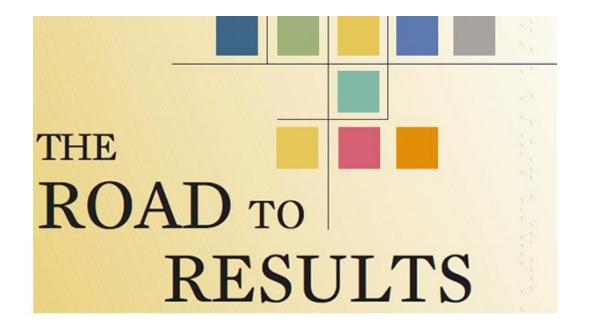

Policy Plan Programme Projects

Departmental Vision cum Roadmap for Development of Animal Husbandry and Veterinary Sector in the State of Assam, India

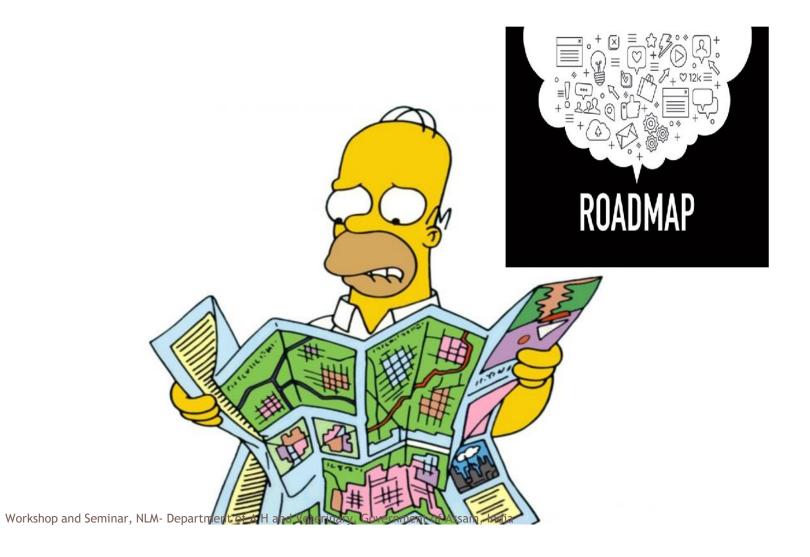

Final Draft Report submitted to:

Department of Animal Husbandry and Veterinary Government of Assam

By

Vet Helpline India Pvt Ltd March 2018

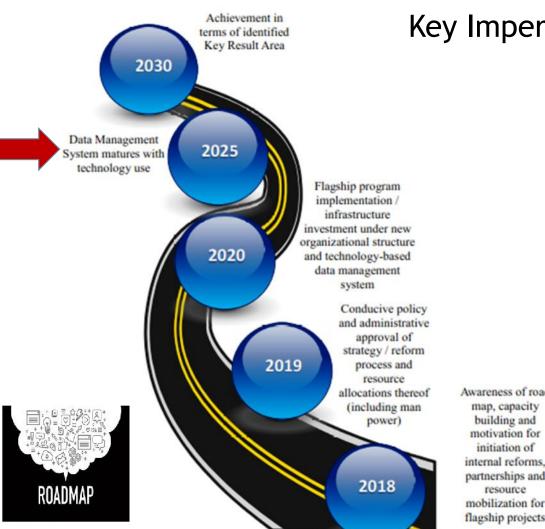

Expected use of the roadmap document.

- As referral document for effective communication to stakeholders (External / Internal e.g. raison d'être, justification for investment, public engagement etc.)
- As support document for policy discussion, targeted project design and delivery.
- A guide for required organizational development related initiatives.
- A guide for design of M&E tools, service delivery plan and partnership agendas.

Key Imperative:

Balanced approach e.g. Preventive Vs curative care, Production Vs Public Health, Static vs Mobile care.

Leadership and change management team building at all level.

3

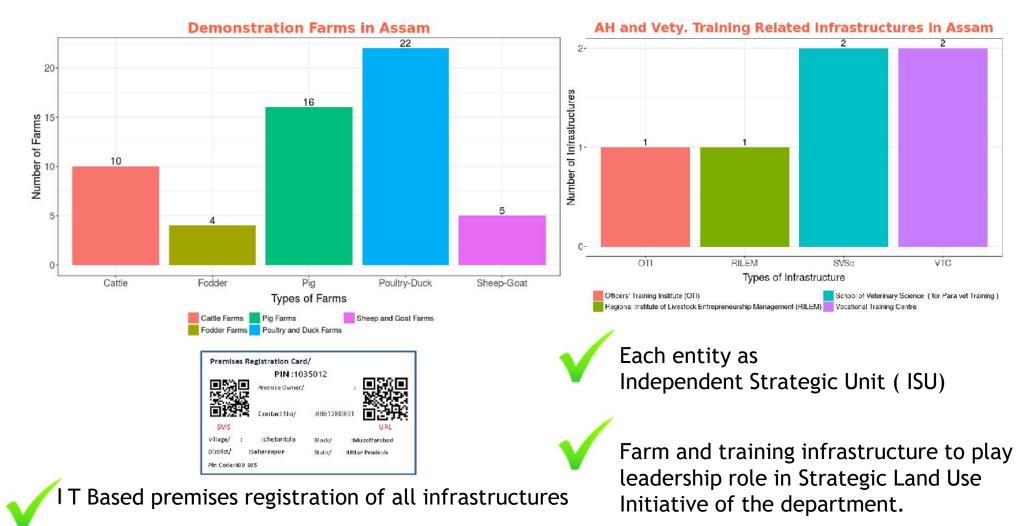

Data Management System based on IT based premises registration with scope of real time data analysis at farm (Public / Private) and facility level.

Awareness of road internal reforms, partnerships and mobilization for flagship projects

Each entity / functional division as Independent Strategic Unit (ISU) for Resource allocation and performance evaluation.

Strategic Asset /Land Use Initiative

Workshop and Seminar, NLM- Department of A H and Veterinary, Government of Assam, India

7 point suggestions related rejuvenation of government farms.

- Asset review, Legal initiatives to remove encroachment, protection (including bio-security set up) and up keep of farm properties.
- 2. Setting up of independent farm management committees with financial power.
- Manpower requirement analysis, job profiling of designations and competency based engagement of personnel.
- Development of SOP for breeding farms linking them with supported breeders associations.
- Set up internship and incubation centers in non-breeding farms. These farms to also incubate master farmers and handhold setting up of farmer school in identified block.
- 6. Promote partnership of non-breeding farms with RSETI / KVKs / Private VTIs etc. to set up center of farm orientation, skilling and entrepreneurial counselling (including DPR support and bank linkage)
- 7. Identified fodder farms to prepare for seed / silage supply, stocking and disaster relief. They will also handhold private fodder linked enterprises.

Suggestion related rejuvenation of government training institutions.

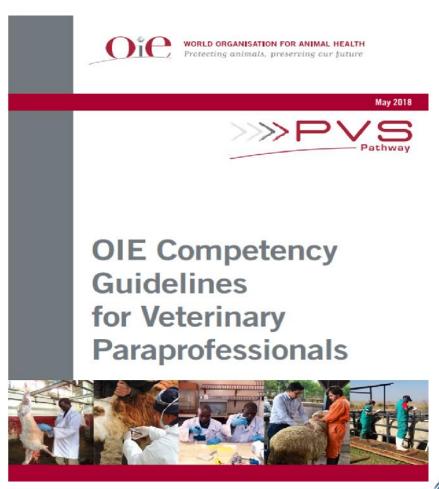

Pro-actively implement forthcoming VCI regulation to make CVME training credit essential for renewal of veterinarians' license. Officers' Training Institute (OTI) to partner with professional associations /private agencies for targeted CVME and short term management trainings for officials.

Affiliate veterinary field assistant and all farm training related institutions to Agriculture Skill Council of India (ASCI) for training under National Occupational Standards (NOS).

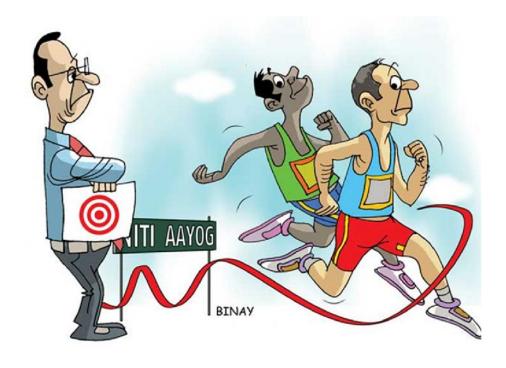

Quality training tailored to standards are mandatory for growth of training institutes.

Aligning training programs with national standards will help us compete with other states. Certified trainees will be able to get employment across the globe.
