

STAKEHOLDER OPINION ON PANCHAYAT / PRIVATE INFRASTRUCTURE

Ensure premise registration (Geo tagged) and creation of dynamic database of all type of related private / panchayat level infrastructures in partnership with initiatives like "Plan Pus" and National Asset Directory.

Map infrastructure related to physical livestock markets and border livestock trade points.

Recover, rejuvenate grazing lands through community involvement.

Support infrastructure needed to transport and market milk produced in *khutis*.

Subject to feasibility, encourage setting up of feed mill by producer organizations.

Promote setting up of private referral centers for companion and wild animal care with facility to undertake "One Health" related intervention.

Support institutions to create rescue, care and rehabilitation related infrastructures for injured animals across districts.

Support infrastructure in municipalities for successful programs of Animal Birth Control, human animal conflict handling, pounding / rehabilitation of stray animals (e.g.strengthening of Goshala's)

Create facility under municipalities for scientific disposal of dead animals (including for pet animals in urban areas)
